You've found the answer. Your direct connection to success begins with a membership in the Maryland Tech Council. We are a community of committed professionals who are driving innovation and supporting the technology and life science industries. We offer industry communities, leverage our unified voice to influence policy, develop robust educational programs, and most importantly, provide a supportive community where our members can share and grow. Membership in the Maryland Tech Council means that your company is part of a powerful and influential industry organization. When you are considering a membership in the Tech Council, think about what we do every day that helps your company succeed. Our staff:

- Creates identity around the peer-based communities
- Engages and leads on responsible business policy at the county, state, and federal levels
- Leverages communities to address common issues and use enhanced pressure to advocate for reform/change
- Connects you to peers to share experiences and encourage better business practices to improve your bottom line
- Connects you with key stakeholders to enhance policy efforts on issues that affect your business
- Educates you on key issues that affect your business - from policy to direct regulatory changes
- Enhances the workforce to support community growth - K-12; undergraduate, graduate, and professional continuing education
- Saves you time and money by connecting you with reputable partners that offer discounts on everything from lab supplies to select shipping services
